Healing the World - One Person at a Time

Dear Chaga International:

On May 6, 2007 my prayer was answered when my friend David Iverson phoned me and said: "I think I have something that might help you." He was aware I had been suffering for over 3 years with severe knifing pain in my lower spine and right hip. My diagnosis from a well-respected Orthopedic Surgeon, Dr. Glen O'Sullivan, stated disabling mechanical low back pain with degenerative disc disease of the lumbar spine, and right hip degenerative arthritis and S-1 Joint dysfunction.

The day I collapsed in January, 2004, changed my life dramatically. I could no longer walk, sit, stand, lie down, or sleep as I had previously. I had to constantly be treating my pain with various natural and alternative modalities. I chose to decline surgery and narcotics due to my belief there was a better natural solution. I kept searching for a remedy never giving up even though at times the pain was so great I felt my life was over.

Thanks to prayer on the morning of May 6, 2007 when I asked God for help like I've never asked before and then four hours later my friend David Iverson phoned me about Chaga extract. Within weeks I had dramatic improvements. ***I am now completely pain free and able to work again. I even rode my mountain bike for the first time in over 3 years a couple days ago!*** It has even dramatically increased my libido or sex drive. Most recently, a friend who had not seen me in some time, called me "***The Miracle Man***" because of the positive changes she could see in my physical condition.

Also, our 13-year old dogs - Angel and Striker have had positive results as well. Striker has been lethargic and sedentary and now with Chaga he has become energetic and playful. I started both dogs on 5 drops/day and noticed Angel's tumors on her back getting smaller with one falling off. I stopped the Chaga and noticed the tumors returning. I started the Chaga again and the tumors were going away.

Chaga extract has truly been the best "Gift of Nature" I've ever received. I was thrilled to hear James Osugi state on a conference call that "Chaga is the only medicinal mushroom to cover virus, bacteria, fungus and parasites".

Thanks to all who have helped bring Chaga to us.
