

Healing the World - One Person at a Time

Dear Chaga International:

I thank God for Chaga! Over the last 10-12 years I have been looking for the “perfect product” to handle all of my wellness needs. Well, after spending thousands of dollars on vitamins, minerals, powders, juices, oils, sprays, creams and lotions trying to heal my body, only to find myself repeating this process over and over again. Now I can say **THE SEARCH IS OVER!** Chaga is the perfect product, because it balances out my internal health.

My results...I started taking Chaga when I was only a few months pregnant, of course, the doctor said no, however I've learned over the years, I am accountable for my own health and well being. Therefore, if I can take drugs, any type of pharmaceutical drugs as a pregnant woman surely, some extracted mushroom would not do me any harm.

I noticed my vision dramatically improved, especially for night driving. My energy levels all increased and maintained high throughout my pregnancy. However, the greatest contribution, I believe Chaga did for me, was to block my system from toxemia.

My doctor was so anxious to give me a pre-eclampsia (high blood pressure) and toxemia (poison in the bloodstream) diagnosis, making me highly eligible to have a stroke. But she **NEVER** could diagnose pre-eclampsia, because my levels were **ALWAYS** normal, or as she put it “you're just way too healthy”.

Finally, on Nov. 14, 2007, my husband Marcus and I had the most beautiful, healthy baby girl, Lily Diana, at 9 pounds and 21 inches. Today, we're healthy, happy, and still taking Chaga - the perfect product everyday.

In addition, Marcus' grandmother is totally faithful at 93 years old, taking her Chaga every morning like clockwork for her arthritis. She has had this condition for 20 years and as of now the Chaga product has made such a difference in her life, she tells all who come near her. We are eternally grateful to have this product impact our family from newborn to 93 years old.

Sincerely,

Lois Dunlop
Indianapolis, Indiana
