

Chaga International
Health ~ Longevity ~ Prosperity

Healing the World - One Person at a Time

Dear Chaga International,

I want to share with you how Chaga has given my mother a quality of life back that she thought she had lost forever. Thank God, we did not listen to her doctor, he said no way. She decide to try it as she was not able to go out of her house with out a wheel chair, so there for she did not go any where unless she really had to.

My mother, who is 78 years old , has a lot of health issues including gout arthritis, rheumatoid arthritis, diabetic, high blood pressure, and kidneys that are failing because of all the above and because of all the medicine she has had to take for so many years. Her arthritis has crippled her and the pain was so bad that she had to be on some of the strongest pain meds on the market. She has been in and out of hospitals and rehab centers for 2 ½ years now and was only getting worse.

I went to Ohio in September to see her and took Chaga with me and she started taking it, within one month of taking it she was able to stop taking her break through insulin and cut way back on her pain meds. She is now able to walk on her walker again and is going back to church every Sunday and is going out to lunch with friends. She had not done that since last December. Chaga has given her life back to her that she was ready to give up on. I Thank God every day for Chaga and the people that have done all the work to bring this amazing product into my life. I feel a need to share this miracle product with everyone I know and meet, because it has been a miracle to see my Mom have her life back.

Sincerely,

Heidi Vititoe, FL
