## ***Healing the World - One Person at a Time***

***Dear Friends at Chaga International,***

I'm 72 years old and my first 20 drops of Chaga made me a believer. I called my doctor at 8:00 am. Aug. 17, 2007. I had a severe bladder infection. I should have called the day before. My daughter's wedding was planned for that evening. I was planning to walk her down the aisle. At 10:15 in the Dr's office, I was feeling better but my fever was 104. My Doctor prescribed a 3-day treatment on an antibiotic. By mid afternoon my fever was 99. I felt weak but was able to attend the wedding and fulfill my duty.

Three days later the blood clots in my urine had cleared up but my trips to the bathroom every 1½ to 2 hours day and night had not changed. The next day my first order of Chaga arrived by UPS. I took 8 drops at once, and 12 drops at 10:00 pm. That night I got up once. The following nights I slept all night, about 7½ hours uninterrupted. My energy level had been extremely low. I increased the rate to 15 drops twice a day. Within three days I felt like a new man!

My doctor made an appointment for me with a specialist for the following week. I rescheduled the appointment for a week later to give the Chaga more time. The specialist couldn't find anything wrong, but because I had excessive bleeding, he wanted to see me in six weeks. I have recently had my six-week check up. The visit was a short one. After test results he released me with a clean bill of health.

With the quick and complete results I experienced, and the low cost per drop, can anything else come close to Chaga? Thanks to Chaga International, for an awesome product. Thank You Lord, for the Mushrooms and planning the timing just when I needed it most. Yes, I'm going to help Spread The Good News.
