## ***Healing the World - One Person at a Time***

***Dear Chaga:***

One day I woke up and had a cold sore on my lip...the first one in my life!! Having used Chaga previously by successfully applying it directly to an arthritic finger joint, and getting relief in 15 minutes or so, I applied some to the cold sore that night.

By the next morning I'd almost forgotten about it...no pain...no even to the touch. That night my husband showed me a wound on his knuckle and asked if I'd apply some Chaga to see if it would help...By the next day his wound was almost completely healed...like magic!!

Don't just take Chaga internally, it's just as effective to apply directly on a wound or where there is a painful place on your body.
