

Chaga International
Health ~ Longevity ~ Prosperity

Healing the World - One Person at a Time

Dear Chaga International:

My name is Michael Lawson. I've been involved in sports for over 20 years. Growing up in Delray Beach, I was involved in many sports. After graduating from Atlantic High School, I was fortunate enough to receive a scholarship to play football for the University of Miami. After five years at Miami, I later went on to play in the Canadian League for a couple of years.

Upon leaving Canada I started a lucrative career in the AFL, (Arena Football League) where I won three championship rings and finished the remainder of my career. Playing sports can put a lot of wear and tear on the body, not including the different surgeries you might obtain over the course of an athlete's career. Over all my years of playing sports, I have cumulated a number of injuries and surgeries. I've had two knee surgeries, shoulder & thumb injuries, a screw in my ankle, torn my groin, pulled hamstrings, turf toe, jammed up fingers and toes, just to name a few. During my playing career, I can't begin to tell you the number of pain pills that I took just to make it through practice or the number of times I had to receive a shot of cortisone in the joint area of my big toe. I had to take anti-inflammatory and pain medicine just to make it through the day. I have had to take an extra three to five minutes just to get out of bed in morning to get started. I've endured these pains for the last 8 to 10 years.

I was introduced to Chaga through a long time friend of mine, Mike Vititoe. He explained to me all of the health advantages that this product has as well as it being an anti-inflammatory. I got on the product and I immediately began to notice a difference. I'm waking up with more energy than I've ever had. The arthritis in my hands and knees is no more. My turf toe is not an issue anymore and I can finally wear the pair of shoes I bought 2 years ago. I also noticed my performance level has increased in the weight room as well.

I feel had I known about Chaga earlier in my career, I probably could have played football for a few more years. All in all I've been so moved by this product, I immediately got my family taking it. My mother suffers form Lupus, my brother is Diabetic, my Dad has high cholesterol, and my sister simply has allergy issues. I'm happy to say they are feeling better also!

After researching and learning about Chaga as well as taking it, I can't help but tell people about the freedom it has given me. I have freedom from pain and pills. My mind is a lot sharper, my face clearer; even my nails are stronger, my body is at a balance. What value can you put on life, health, and strength?

Thank you Chaga and thank you Mike for sharing it with me!

Mike Lawson
Lakeworth, FL
